Phonics & Reading

Read the following article. Circle the compound words. Then write compound words to complete each sentence below.

Downtown or Trash Town?

When is a city sidewalk like a trash can?

When it has litter on it! Old newspapers, candy wrappers, soda cans, and other garbage make it look as if nobody cares about the place. That is what has happened to this city's downtown. The ugly mess cannot be overlooked.

Why don't people take better care of our outside areas? Litter not only is ugly, but also can turn into something unhealthy. Decaying litter and trash attracts animals that can carry disease.

You can help your hometown with this problem. Organize a litter drive. Get everyone together to make a difference in a park or playground, uptown or downtown, or along the highway.

1. A city _____ can look like a trash can.
2. Litter makes it look as if _____ cares.
3. The ugly mess _____ be _____.
4. Litter can turn into _____ that is very unhealthy.
5. You can help your _____ solve its litter problem.
6. Get _____ involved by having a litter drive.

What can you do to help prevent litter?
