

JOANNA COLE & BRUCE DEGEN

The Magic School Bus

Inside the Human Body

SCHOLASTIC

WE'RE GOING TO
LEARN ABOUT
OURSELVES .
THIS SHOULD
INTEREST YOU,
ARNOLD!

It all began when Ms. Frizzle showed our class a filmstrip about the human body. We knew trouble was about to start, because we knew Ms. Frizzle was the strangest teacher in the school.

I CAN'T TAKE
THE PRESSURE!

A FILMSTRIP
IS ONLY THE
BEGINNING,
YOU KNOW.

YEAH! I BET
SHE HAS BOOKS
ABOUT THIS,
TOO.

WHEN'S
RECESS?

YOUR
WONDERFUL
BODY

**YOUR BODY IS
MADE OF CELLS**
by Rachel

Your body seems
to be all one piece,
but actually it is
made of trillions
of tiny pieces,
called cells.

MY BODY IS
MADE OF
TRILLIONS
OF CELLS.

SO IS MINE!

The very next day, The Friz made us
do an experiment on our own bodies.

SEE YOUR OWN CELLS

Most cells are so small that we can't see
them without a microscope.

① Gently scrape
inside of cheek
with toothpick

② Stir end of
toothpick in
drop of water
on a slide.

③ Add a drop of
Iodine Solution
to color cells.

④ Look at slide
under microscope.
See Your cells.
