Hungry, Hungry SHARKS!

By Joanna Cole
Illustrated by Patricia Wynne

Everywhere on land were
dinosaurs, dinosaurs, dinosaurs.

The biggest shark
is the whale shark.
It is longer than a bus.
The whale shark
has three thousand teeth.
But it will never bite you.
It eats only tiny
shrimp and fish.

The baby sharks swim off
to catch their own food.

One eats a fish.

Another gets a crab.

The pups had better
watch out for puffer fish.
